When the base ball historian; tell championship race of 1900, they will say that the chances of Fort Wayne winning the pennant were cruelly dis-pelled by the Wheeling Stogles. Two victories against the husky Hooslers on Monday, and another double vio tory yesterday-that is the tale of the visit of George Miller's team to the West Virginia metropolis this week, and to say that the visitors are dis-gruntled and sore is stating a fact with exceeding mildness. The first game was won because the visitors were unable to do anything with the deceptive delivery of Al Pardee, while Wheeling hit Harper when hits meant runs.

Two games had been advertised for Wednesday afternoon, but before this conclusion of the first Manager Hubbard. of the Fort Waynes, passed the word over to Captain Miller to call his men off the grounds; that there would not be a second game. Umpire Davies had been instructed by President Power, of the league, that two games would played, so he could do nothing but walt the required ten minutes and then award the second game to Wheeling by the score of nine to nothing. Hubbard claims there was a mistake in President Power instructing his umpire, and that the forfeit will not stand. Each team scored once in the open-

ing inning. For Wheeling, with Meany an out, Congalton hit for a base, as did Lyons and Turner, the latter's hit scoring Congalton. Fort Wayne's run came in on Belden's hit, and singles by Hemphill and Brashear.

Wheeling got what proved to be a winning lead in the third inning, when, with one out. Lyons hit for a single; Turner an outfield out. Cockman a single, and another single by Taylor, which scored Lyons and Cockman.

NEW CASTLE WEAKENS.

The Directors Lay Down, and the Team May Disband.

TOLEDO, O., Aug. 29.-New Castle has been on the ragged edge for some time, and it is a wonder that Wright's players put up the game they do. The members of the team have not been paid a cent in the way of salaries since July 15, and the only money the players have had is what could be "whacked up" from day to day. Yesterday. just before the game started, Manager Wright received a telegram from President Power, informing him that he (Power) had been unable to do anything with the New Castle manage ment, and Pat could use his best judg ment in keeping the team on the road. Pat consulted Strobel, and the Toledo manager told him to play the dates scheduled, as the season is nearly closed, and advised the players to tak chances on getting their money. There was a hurried consultation on the bench, and the players agreed to go on and play until something favorable All the games schoduled transpired. Castle have been transferred, for New Castle have been transferred and the season can be said to be practically closed so far as the Pennsylva nia town is concerned. If the team disbands one of the players will come to Toledo, and he is none other than Graffus, the scrappy little catcher, as he will be a tower of strength to the team next season. Several members of the

BASE BALL BOWLING. Shirley, of the Wheeling club, had received a telegram from President Power, of the lengue, explicitly directing that two games be played. BOSTON, August 29.—New York's errors proved costly to-day, each one allowing a Boston man to score. Cuppy was batted hard, but good fielding behind him at crilical times saved the game. Kicking by both sides was again the order of the day. Attendance, 1,20. Score:

BROOKLYN, August 23.—Orth pitched great ball to-day, shutting out the Brooklyns and allowing only five hits. McGinnity was sent to the woods in the fifth, when the Philadelphians landed on him for five clean drives after two men were out. In the second he forced in two runs with free passes. Howell succeeded him, and held the visitors down. Monte Cross had a finger broken and will be out of the game for some time. Score:

SUPERIOR BOXING

Is Anticipated at To-night's Fight Between Corbett and McCoy-Both Men in Good Condition. NEW YORK, Aug. 29.-Boxing of a

superior type will be witnessed in the arena of the Twentieth Century Athletle Club at the Madison Square Garden to-morrow night, when those two past masters in the art of self-defense, James J. Corbett and Charles ("Kid") McCoy, will put on the gloves. There is no trick in the game of hit, stop and get away with which Corbett and Mc-Coy are not familiar.

For several mothes the sluggers have been having things all their own way in prize-ring matches, the scientific fellows being out for the time being, but now that two such clever men as Corbett and McCoy should be selected to appear in the final bout of importance in this state before the Horton law repeal is operative on Saturday, is pleasing to all followers of puglilism. They believe that the nimble McCoy and the ever-active Corbett will give an exhibition of a character sufficiently pleasing and free from brutality as to serve as a good argument for the continuance of boxing in this state.

It is the intention of advocates of sparring to make another effort when the next legislature meets to have a bill favorable to boxing passed at Albany. If Corbett and McCoy have the interest of the game at heart they will certainly extend themselves to the utmost to furnish a bout satisfactory to all.

With such a perfect knowledge of the finer points of boxing, as Corbett and McCoy possess, there appears to be lit-tle doubt that it will be the greatest in the history of fistic battles. Each man has been rehearsing new moves in training, and the ideas of each will be pretty thoroughly illustrated in their battle for superiority to-morrow night. So far as the physical condition of these scientific gladiators is concerned,

there is little to choose between them

ANOTHER MATCH MADE. Jack McClelland and Tommy Moran

to Fight Here Next Week.

The Metropolitan Athletic Club has Jack McClelland, the clever Pittsburgher, and Tony Moran, the speedy New York bantam, for a twenty-round contest at 122 pounds. The contest was to have come off at Pittsburgh, but was prevented by the action of the author-ities; hence the application of the fighters' representatives to the Mets. As the men are both well known and will undoubtedly put up a great fistic argument, the club was pleased to be able to secure the pair. The fight will occur next Monday evening, September 3, (Labor Day), and will probably be witnessed by a large crowd, including a large delegation of Pittsburghers.

The Mets have also received a letter

from Jimmy Dime, manager of Jack Hamilton, of Troy, N. Y., in which he expresses a desire to have Hamilton matched for a fight before the local club with Jack McClelland. If the club fails to secure the Kennedy-Bennett fight for State Fair week, it will take on the Hamilton-McClelland proposi-

HOW McCOY IS TRAINING

For His Fight With Ex-Champion Jim Corbett To-night.

SARATOGA, N. Y., Aug. 29.-Charles "Kid" McCoy is now in perfect condi-tion for his coming fight with Jim Corbett, which will take place on Thursday night, at Madison Square Garden. Much of McCoy's work has been devoted to knockouts, and as as result his trainers are having a hard time of it. correspondent visited Newman's Lake Shore House, on the banks of Saratoga lake. When he arrived at the training quarters there was a sudden stamp of a toe on the boards. A long brown arm described a short half circle. A padded fist came in contact with a nose. The owner of the nose sat down with an emphasis that shook loose his shoestrings.

Kid McCoy was having an exercis gallop with his sparring partner.

The sparring partner wasn't serious ly injured and righted himself. "In sparring as a preparation for a

contest," said McCoy, neatly blocking a straight left, "I usually school my mind to believe that I am actually fighting for a result."

As an earnest of the truth of this

statement the Kid ripped in a left-hand hook to the other fellow's ribs that was convincing enough both to

me and the recipient thereof.

"If you are not working as if it were the real thing," went on McCoy, "it were better to leave sparring out of your training entirely." Biff!

He ducked under the vicious righthand swing and sent his own right

"That's the way," he said. "A part to you slowly or weakly, makes you careless. That kind of play is unfit to

give you the necessary quickness to avoid a blow properly." The partner kept coming, however, and swung his right. The "Kid" let it

go harmlessly over his head.
"I never," said he, "stop a blow with
my arms if I can avoid it otherwise.

Blocking with the arms, particularly to a man like me, is wearing on the strength. Besides, there is always the danger of having a bone broken. I get out of the way entirely, either by side other advantage. A man missing a swing and meeting nothing but air with it is likely to be thrown out of form, and is then in a position for you to hit him without his being able avoid the counter.'

Whether this was a cue or not, the partner made a tremendous swing at McCoy. The "Kid" ducked, and as the partner turned half-way round with the impetus of the blow. McCoy joited him on the jaw with a right hook, and the

LARGEST CROWD OF THE WEEK

At the Providence Races-Admiral Wins Newport Stake.

PROVIDENCE, R. I., Aug. 29.—The largest crowd of the week witnessed some excellent racing to-day at the Grand Circuit meeting. Two favorites came home winners. The 2:14 pace proved troublesome to the Judges. Admiral won in straight heats, but the Judges were not satisfied with the driving of McHenry, who was up behind the favorite, John T., and in company with Kenney and Cahill, a \$100 one was imposed for laying up heats.

The 2:40 trot proved the race of the day and was won by Charley Herr, the favorite, in a five heat battle. Lord Derby won the first heat in 2:0814. Charley Herr then took the second and third heats, as Lord Derby went to a ed just inside the flag. In the deciding heat Lord Derby again broke and Charley Herr stepped home an easy

winner Royal B. Sheldon, the favorite in the 2:05 pace, won straight heats with ease, pacing the first heat in 2:05 flat, a new mark, against 2:05% made at Readville In the second heat he went to the half in 1:91%, but was held in as the field was almost distanced.

Stewart & Ward have just had completed a thorough remodelling of their flour mills, by which it was enlarged and equipped throughout with modern machinery and process. Indeed the capacity of the mill has been doubled and the product now will reach almost 150 barrels per day. The grain is taken from the car and passes through the mill until it is run into barrels or sacks by such automatic process as to reduce the cost of handling to the minimum. It is a modern plant in-every particular and the firm is being congratulated because of their enterprise. In fitting out such an up-to-date mill.
